BEACH BAG WITH ANTI-SAND SYSTEM

Size: U

Large beach bag in polyvinyl chloride with nautical print • The bottom of the bag has a mesh opening that lets out sand residue that may build up on beach towels, for example • Thanks to its anti-sand system, it is also possible to prevent water build-up at the bottom of the bag due to wet or waterlogged clothing such as swimsuits or kids' beach toys

SUSTAINABLE AND ETHICAL APPAREL MADE BY GILDAN

ABOUT GILDAN

Gildan is one of the world's largest vertically integrated manufacturers of everyday basic apparel. Our product offering includes activewear, underwear, socks, hosiery, and legwear products.

We are Making Apparel Better® every day and creating long-term sustainable value for all our stakeholders: from our employees, customers, and investors to the communities and environments in the regions where we operate. Our ESG vision is rooted in the Company's culture and is a key part of our business strategy and an important element of our success. We conduct our business with ESG embedded into our operations, always with responsibility and integrity at our core.

OUR CORE VALUES

 We Operate Responsibly

 We Believe in our People

 We Act Like Entrepreneurs

CREATING VALUE IN EVERYTHING WE DO

FOR...

Customers

We deliver high quality products for the whole family at everyday low prices.

Communities

We operate by acting responsibly and generating positive economic impacts.

Employees

We empower our employees to succeed while treating them with respect and dignity.

Shareholders

We drive sales and earnings growth, ongoing operational excellence, and high returns on investment.

The Environment

We pursue continuous improvement and invest in sustainable solutions to reduce our impacts on future generations and positively influence how apparel is made.

HOW WE OPERATE

Our Company was founded on the belief that owning and operating our manufacturing facilities and controlling every step of the production cycle was the best way to make great apparel. Starting from spinning cotton and other fibres into yarn through to assembling the final garments and distributing our products, we prefer to do it all with our vertically integrated business model.

Our manufacturing operations are headquartered in Honduras, where we have our largest production base. Our yarn-spinning operations are all located in the United States, while textile, sewing, and sock manufacturing operations take place across our Central American, Caribbean and Bangladesh hubs.

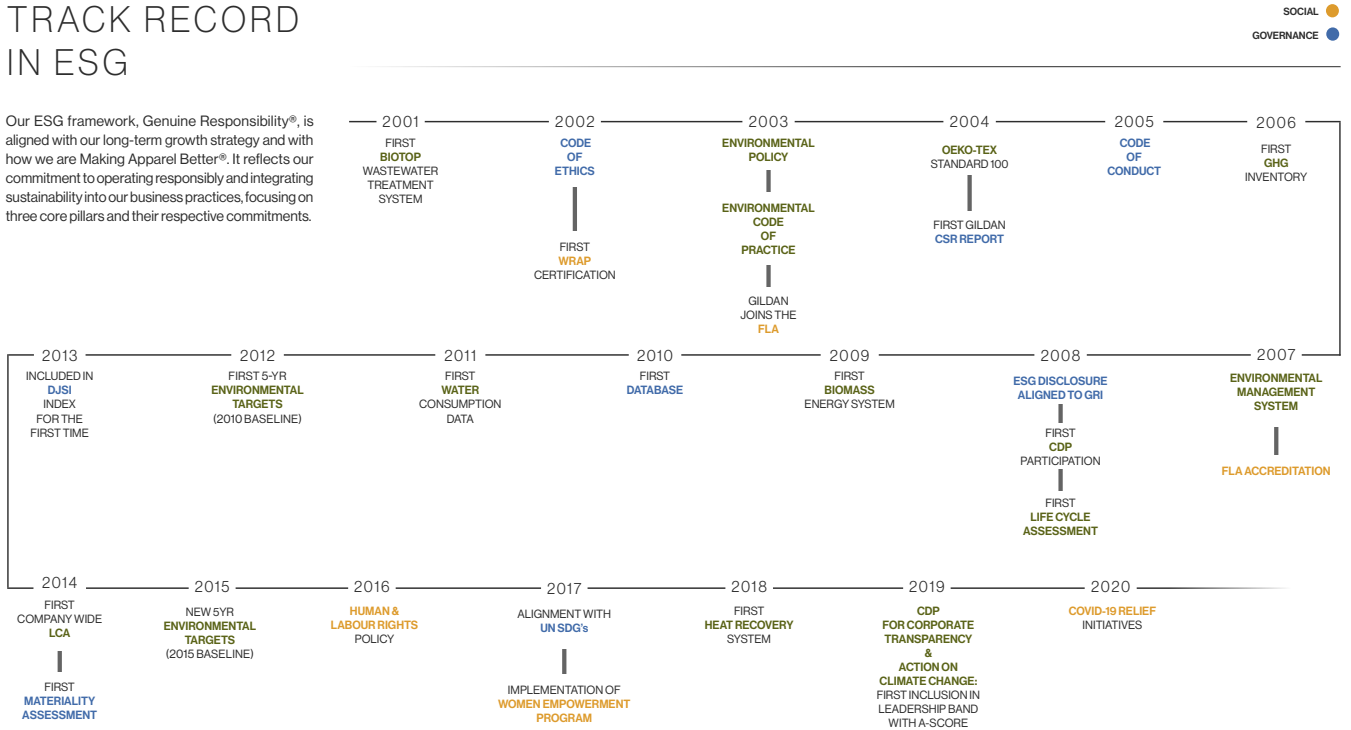

For more information on our facilities see our [2020 Annual Report](#) or visit the [Our Factories](#) page on our website.

Approximately 90% of our sales derive from products we manufacture, which means we have direct control of our operations, allowing us to implement industry-leading practices when it comes to ESG.

TRACK RECORD IN ESG

Our ESG framework, Genuine Responsibility®, is aligned with our long-term growth strategy and with how we are Making Apparel Better®. It reflects our commitment to operating responsibly and integrating sustainability into our business practices, focusing on three core pillars and their respective commitments.

We manufacture the majority of the products that we sell and have always looked to minimize waste, optimize resources, and pursue continuous improvements in every aspect of our operations – as well as those in our extended supply chain – so that we can run our business with the least impact possible on the environment.

The investments we are making not only help reduce our impacts on the planet, but they also reduce our operating costs and make us more flexible, resilient, and productive. While we know we have further to go in our journey, we are committed to continue testing innovative approaches and working with others to reduce our impact.

ENVIRONMENT

Our Company culture centres on our people. Their diverse global perspectives, coupled with our technical manufacturing expertise, enables us to tackle the most complex apparel manufacturing challenges. We believe that supporting our employees and their communities is paramount to our success. We have made continuous efforts to invest in employee benefits, health and safety, as well as community education and training.

SOCIAL

We consider strong and transparent corporate governance practices to be an important factor in our overall success and are committed to adopting and adhering to the highest standards in corporate governance to foster a culture of integrity, accountability, and transparency throughout our organization – starting at the top.

GOVERNANCE

product, people, planet

"Trust what you wear,
wear what you trust"

product

The common aim of all the SOLO Group brands is to create clothing and accessories enabling everyone to express their USP. SOLO Group's commitment is to offer high quality clothing that meets everyone's values and expectations. Social responsibility is in our blood, and this commitment has dictated everything we have done over the past 30 years.

Higg | Sustainable Profiles

people

To achieve this, we believe that every single person who has contributed to manufacturing our products should be respected, valued and encouraged. This is why we are involved with several different organisations that guarantee working and employee conditions are adhered to. Independent audits guarantee the quality of our certifications.

As we believe that our action should not be limited to the people involved in manufacturing our products, we have been committed from the outset to supporting various charities aiming to improving overall health, women's living conditions and children's education.

planet

Conscious of the impact of our business on resources, we work to minimise its consequences and compensate accordingly. At each stage of the production chain, we seek and implement solutions to eliminate practices deemed excessively costly in terms of the environment, or find alternatives. We adhere to organisations or associations whose common aim is to constantly improve processes so that we leave future generations with a sound legacy.

REGATTA FABRIC RANGE

Our clothing is tested to the limits. Waterproofs come guaranteed as standard. Garments are washed, flexed 9000 times, zipped and unzipped.

Our quality manufacturing is British BS, European EN and International ISO standard assured. We work hard at making our clothes work harder.

ISOTEX STRETCH 10,000 - 15,000
Isotex Stretch fabrics are waterproof, breathable and windproof; the hydrophilic breathable system allows inner moisture vapour to escape. Designed to keep you dry and comfortable outdoors whilst the active fit stretch yarns give greater comfort and movement.

ISOTEX 5000 - 15,000
Isotex 5000 - 15,000 fabrics are waterproof, breathable and windproof; the hydrophilic breathable system allows inner moisture vapour to escape. Designed to keep you dry and comfortable outdoors.

HYDRAFORT 5000
Hydrafort 5000 is waterproof and windproof; with a hydrostatic head of 5000 it provides reliable protection from the elements in the outdoors.

WATER REPELLENT
Our enhanced water repellent treatment keeps you drier for longer. Water rolls off the surface of the garment.

SOFTSHELL XPT
Water repellent and wind resistant to keep you warm and comfortable during high energy activities. This break through technology enables better breathability whilst the lightweight qualities give greater ease of movement.

SOFTSHELL
Water repellent and wind resistant to keep you warm and comfortable during high energy activities.

SOFTSHELL STRETCH LIGHT
Durable Water Repellent outer fabric helps to keep you drier for longer, quick drying for protection from wind chill and fleece backed for comfort and warmth.

EXTOL STRETCH
Regatta's pinnacle stretch fabric technology is ideal for high energy outdoor activities, with a quick drying finish to minimise rain impact and provide protection from windchill.

SYMMETRY
Comfortable and practical to wear, perfect for the outdoors with an anti-pill finish making it durable and long lasting. Quick drying, easy to care for and super soft to provide extra comfort.

WARMLOFT
Premium synthetic down touch insulating technology. A highly compressible, soft-touch warmth without the bulk. Water repellent and quick drying to help reduce odour.

THERMOGUARD
Made up of synthetic fibres which trap the air keeping you warm in cold conditions, soft and light with the warmth coming from the high loft insulation, quick drying and easy to care for.

PFC FREE
Products made without using any PFCs. We are committed to finding alternatives to using PFC chemicals and are working towards a reduction by 2020.

Outer jackets or midlayers that have zip-together compatibility with identified interactive Regatta products.
